REDONDO BEACH EDUCATIONAL FOUNDATION

COMMUNITY PARTNER Opportunities

2025-2026

ABOUT US

The Redondo Beach Educational Foundation (RBEF) is a 501(c)(3) nonprofit organization whose mission is to inspire our community to invest in Redondo Beach public schools so that every student can develop knowledge and skills that go beyond what public funding alone would achieve.

Established in 1991 by a group of concerned parents and community leaders who realized that an excellent school system could not rely on state funding alone, RBEF raises money through its annual Investor Drive, Business Partnerships, and special events. We believe the best opportunities come from raising the most well-rounded children, and we support whole-child development for all students in our Redondo Public schools from their first day of Kindergarten to their last day of High School.

OUR VISION.

RBEF proudly and efficiently raises money for the Redondo Beach Unified School District, allowing them to focus on the educational, social, emotional, and physical well-being of every student.

OUR VALUES.

INTEGRITY: Everything we do will be upheld to the highest ethical standards and best practices of nonprofits.

TRANSPARENCY: We will strive for honest and open communication with our community partners.

INCLUSIVE: Through collaboration with our entire community, we can multiply the effects of our contributions

GRATITUDE: We are equally grateful for the gifts and talents given by those before us and for the opportunity to make a difference in the lives of our Redondo Beach public school students.

OUR IMPACT

For over 34 years, RBEF has been providing support to all RBUSD students, recognizing that an excellent school system cannot rely solely on state funding.

We support whole-child development for our students from their first day of Kindergarten to their last day of High School. From music and physical education programs to robotics and STEM, from field trips that enrich the classroom curriculum to college and career readiness programs, and from teacher grants to CTE Project ECHO support, it is investments from business partners like yours that make it all possible.

Every program we support is a chapter in our students' stories, helping them grow, dream, and shape their future.
